

Aviso nº 154 - GP/TCU

Brasilia, March 4, 2022.

Dear members of INTOSAI,

The Brazilian Court of Accounts (TCU), as First-Vice Chair of INTOSAI, would like to join the General Secretariat and other SAIs in expressing our solidarity to our colleagues from SAI Ukraine and to the Ukrainian people. Even though INTOSAI as an organisation must adhere to its apolitical mission, the humanitarian aspect of the conflict touches us all. We expect the urgent descension of tensions and we are ready to relief, within our capabilities, all humanitarian needs and measures.

As the host of the next INCOSAI, in November 2022, in Rio de Janeiro, we hope that the Congress becomes an event to highlight world peace, understanding and prosperity among nations, as our long tradition of cooperation and inter-institutional relations has always evidenced.

We recognise the difficulties the situation poses to the exercise of the Chairmanship by the Russian Accounts Chambers, and support the solution proposed and fully detailed in the letter addressed us by the General Secretariat. We stand together with the Secretary-General and all SAIs may count upon Brazil to ensure that the effective functioning and continuity of INTOSAI activities will be provided. Should there be any specific need for formal representation, the Brazilian Court of Accounts is committed to enacting it.

Sincerely,

(Electronically signed)

Minister ANA ARRAES
President of TCU

(Electronically signed)

Minister BRUNO DANTAS
Vice-President of TCU

Members of Intosai
General Secretariat of INTOSAI
Vienna, Austria
