LESSON LEARNT

INDONESIA'S VNR

○ 2017

○ 2019

○ 2021

The Government of Indonesia has shown commitment by presenting its VNRs in 2017, 2019, and 2021 HLPFs

REVIEW PROCESS ON VNR WITH ITS MAIN CONCLUSIONS AND RECOMMENDATIONS

Three Main Questions as a Basis in Reviewing VNR

Has the Government consistently prepared the 2021 VNR in alignment with the 2017 and 2019 VNRs?

Has the Government considered BPK's audit results related to Indonesia's SDGs achievements ?

Has the Government followed the due process specified by the Handbook for the Preparation of the 2021 VNRs?

Analysis of 2027 and 2019 VNR

Confirmation

Conclusions

The Government has maintained continuity and alignment in the disclosure of information and analysis on the 2021 VNR with the 2017 and 2019 VNRs and the Handbook for VNRs preparation

Recommendations

The Government to ensure the disclosure of the sustainability of resources and the relevance of data and information

The Government to disclose the alignment of Information and analysis regarding the outcomes of each SDGs goal and target with the results and follow-up actions on BPK audits

Key Success Factors

Collaborative action between SAI and Government

Enhancing the rigorous and evidence-based VNR

Lesson Learnt

Build standard and methodology of the review simultaneously with the review processes

Work efficiently in identifying previous audit works that related to SDGs' goals

Develop a database of SDGs audit

Use audit findings and recommendations published in the audit reports related to SDGs as a basis for data validation
